JOIN US FOR AN IMMERSIVE EXPERIENCE FOR PAs AND NPs!

We are proud to introduce PANP360: Immersive—a premier, first-of-its-kind event designed to deliver practical, interactive, and clinically relevant education to dermatology PAs and NPs.

This intensive, one-day program is informed directly by market research to meet the educational needs clinicians prioritize most, offering them high-touch, hands-on learning that translates to practical clinical value.

PANP360: Immersive features small-group, workshop-style sessions led by top experts in dermatology. By blending evidence-based didactic content with practical application, these sessions foster deeper engagement, stronger retention, and greater clinical confidence. PANP360: Immersive equips PAs and NPs with the tools and knowledge to immediately translate new techniques into practice—offering sponsors a unique opportunity to connect with these clinical decision makers in an intimate, high-value educational setting.

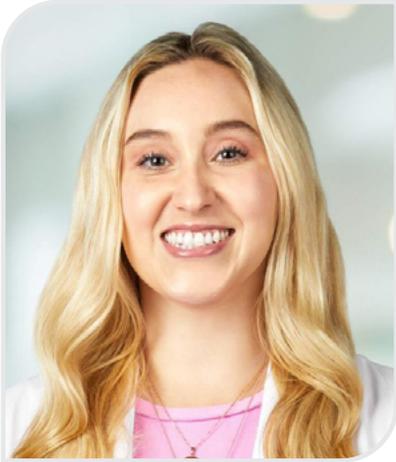

IMMERSIVE DETAILS

- **Schedule:** A full-day event in Philadelphia on April 18th 2026.
- **Event Structure:** This event will be composed of intimate, interactive workshop-style sessions that promote high engagement and active participation.

PANP360 IS BROUGHT TO YOU BY THE LEADING MINDS IN DERMATOLOGY

This conference, specifically designed to meet the unique needs of the PA and NP audience, is brought to you by the brilliant minds behind the Fall Clinical Dermatology Conference for PAs and NPs. Each of our thought leaders represents a variety of dermatologic care including, but not limited to, medical, aesthetic, surgical, advanced treatments, techniques, and patient engagement.
